Highlights

“Experian delivered a strong performance this year, even as the world faced the testing times posed by the COVID-19 pandemic. Total revenue growth for the year was 7% and organic revenue growth was 4%, while Q4 organic revenue growth of 5% was at the top end of our guidance range.

“We have again shown Experian’s resilience in the face of external shocks, which is due to the diversity of our portfolio and our successful innovation-led investments in new opportunities. We are off to a strong start to FY22 and expect Q1 organic revenue growth in the range of 15-20% which gives us every confidence of another successful year ahead. For the year, we expect organic revenue growth in the range of 7-9%, total revenue growth of 11-13% and strong EBIT margin accretion, all at constant currency.

“I want to pay tribute to my Experian colleagues whose incredible hard work and commitment this year has steered our business successfully through challenging times. FY21 was a year when we unlocked the power of data for consumers, clients and communities across the world, using our skills and capabilities to help governments and societies to respond to the crisis, hospitals to marshal resources, governments to support businesses, and charities to care for the most vulnerable. Data will also be a key driver of economic growth as the recovery gathers pace and we will be a leading champion in using data to create a better tomorrow.”

Letter from the Chairman

11 June 2021

To holders of ordinary shares

Dear Shareholder

Annual General Meeting: 21 July 2021

I am writing with details of our Annual General Meeting ('AGM'), which will be held on Wednesday 21 July 2021 at 1.30pm at Experian, Newenham House, Northern Cross, Malahide Road, Dublin 17, D17 AY61, Ireland.

COVID-19

In order to ensure the safety of the Company's shareholders, employees and directors, **shareholders will not be permitted to attend the Company's AGM this year**, but can be represented by appointing the Chairman of the meeting as their proxy. Shareholder participation and engagement remains important to us and therefore shareholders will be provided with a facility to view the AGM electronically and submit questions on the business of the meeting, should they wish to do so, by using the Orient Capital webcasting platform.

Shareholders wishing to view the AGM electronically should access the AGM section of our website at www.experianplc.com/investors/shareholders/aggm/ and follow the link to the webcast for the AGM. Access to the AGM will be available from 30 minutes before the start of the event, although you will not be able to submit questions using the Orient Capital platform until the meeting is declared open. Further information on accessing the Orient Capital platform is set out below under the heading 'Following the AGM using the Orient Capital webcasting platform' on page 13 of this document.

The Company continues to monitor the impact of the pandemic, and the health and safety of the Company's shareholders, employees and directors is of paramount importance to the Company. Given the constantly evolving nature of the situation we want to ensure that we are able to adapt our arrangements in respect of the AGM should circumstances change before the time of the AGM, at all times acting within safety constraints and in accordance with Irish Government guidelines. Should the Company consider it possible to change the arrangements in respect of the AGM without increasing any risk to the health and safety of the Company's shareholders, employees and directors, the Company may make alternative arrangements in respect of the AGM, which may include permitting physical attendance (which would be subject to conditions and restrictions). Any changes to the arrangements in respect of the AGM will be notified to you via our website (www.experianplc.com) or via a regulatory news announcement. Shareholders should monitor the Company's website and regulatory news announcements for any AGM updates and are encouraged to vote on all resolutions by appointing the Chairman of the meeting as their proxy.

Shareholders viewing the AGM electronically will not be able to vote through the Orient Capital webcasting platform. Instructions on voting are set out below and in the 'Information for shareholders' section on pages 13 and 14. We would also encourage you to submit questions about the AGM's business in advance, by email to aggmquestions@experian.com or on the reply-paid question card attached to the proxy form. We will consider all questions and, if appropriate, address them via Experian's website (www.experianplc.com) or individually. Questions may also be submitted during the meeting through Orient Capital's webcasting platform.

The notice of meeting and notes are set out on pages 5 to 7 of this document. An explanation of the resolutions being proposed at the meeting is set out in Appendix 1. The Company's articles of association have not been updated since July 2008. The Company is therefore taking the opportunity at this year's AGM to propose certain amendments to the articles of association, principally to reflect developments in technology and practice as well as to provide some clarifications and additional flexibility. The proposed new articles of association include provisions enabling the Company to provide additional opportunities for shareholders to participate in general meetings electronically but do not permit the holding of 'virtual only' general meetings. It is not the current intention of the Board to routinely hold combined physical and electronic general meetings. An explanation of the principal differences between the existing and new articles of association is set out in Appendix 1. Other changes, which are of a minor, technical or clarifying nature, have not been noted. If passed, the new articles of association will take effect from the conclusion of this year's AGM.

Letter from the Chairman

continued

Voting will be taken on a poll, except for any procedural resolution which may be taken on a show of hands. I encourage you to use your vote by voting electronically online or completing and returning a proxy form by post. You may place your proxy form in an envelope addressed to the Company's share registrars. **A postage stamp is not needed if you post the form in the UK and, should shareholders wish, proxy forms may be placed in an envelope and addressed to the Company's registrars.** You should return your completed form as soon as possible but it must arrive **no later than 1.30pm on Monday 19 July 2021**. Returning a proxy form will not prevent you from viewing the AGM through the Orient Capital webcasting platform. If you wish to vote electronically, you can do so by registering for the Experian Share Portal service, at www.experianplc.com/shares. Please refer to the 'Information for shareholders' section on pages 13 and 14. The results of the voting will be posted on the Company's website as soon as practicable after the meeting.

The directors have announced a second interim dividend of 32.5 US cents per ordinary share, to be paid on 23 July 2021 to holders of the Company's ordinary shares on 25 June 2021. To ensure that certain UK shareholders have the same tax treatment on their dividend as if the Company were based in the UK, we have put Income Access Share arrangements in place. The mechanics of these arrangements make it impractical to submit a proposed dividend for approval at the AGM, but the Board has no plans to announce any additional dividend in respect of the year ended 31 March 2021.

The directors consider that all the resolutions to be put to the AGM are in the best interests of the Company and its shareholders as a whole. Accordingly, the directors unanimously recommend that you vote in favour of all resolutions, as they intend to do in respect of their own beneficial shareholdings.

Yours faithfully

Mike Rogers
Chairman

Changes to entries on the register of members after close of business on 19 July 2021 shall be disregarded in determining the rights of any person to vote at the meeting. If the meeting is adjourned to a time not more than 48 hours after the specified time applicable to the original meeting, that time will also apply for the purpose of determining the entitlement of members to vote (and for the purpose of determining the number of votes they may cast) at the adjourned meeting. If, however, the meeting is adjourned for a longer period then, to be so entitled, members must be entered on the Company's register of members at close of business on the day two days prior to the adjourned meeting or, if the Company gives notice of the adjourned meeting, at the time specified in that notice. Changes to entries in the register of members after close of business on the relevant date shall be disregarded in determining the rights of any person to vote at the meeting.
2.  - (c) the New Articles showing all the changes as compared to the Existing Articles.
3. Due to COVID-19, only a limited number of directors and essential personnel from the Company will attend the meeting to ensure a quorum is present and to conduct the business of the meeting. No other person will be permitted to attend the meeting. Shareholders are therefore encouraged to vote on all resolutions by appointing the Chairman of the meeting (the 'Chairman') as a proxy. To appoint the Chairman as your sole proxy in respect of all your shares, simply fill in any voting instructions in the appropriate box and sign and date the proxy form.

*Lines are open from 8.30am to 5.30pm (UK time) Monday to Friday, calls are charged at the standard geographic rate and will vary by provider. Calls from outside the UK will be charged at the applicable international rate.
5. To be valid, an appointment of proxy must be returned using one of the following methods:
 - (i) by sending a proxy form (together, if appropriate, with the power of attorney or other written authority under which it is signed or a certified copy of such power or authority) to Link Market Services (Jersey) Limited, c/o Link Group, FREEPOST PXS 1, Central Square, 29 Wellington Street, Leeds, LS1 4DL, United Kingdom; or
 - (ii) in the case of members who have registered for the Experian Share Portal service with the Company's registrars, by logging onto their portfolio at www.experianplc.com/shares, and following the voting instructions, shareholders will be able to register their proxy online. If requested, the Company's registrars will send an acknowledgement that the online proxy appointment has been lodged with them; or
 - (iii) in the case of CREST members, by utilising the CREST electronic proxy appointment service; or
 - (iv) institutional investors may be able to appoint a proxy electronically via the Proximity platform, a process which has been approved by the registrars. For further information regarding Proximity, please go to www.proximity.io. Your proxy must be lodged by 1.30pm on 19 July 2021 in order to be considered valid. Before you can appoint a proxy via this process you will need to have agreed to Proximity's associated terms and conditions. It is important that you read these carefully as you will be bound by them and they will govern the electronic appointment of your proxy, and in each case the appointment of proxy (together with any relevant power/ authority) must be received (or, in the case of the appointment of a proxy through CREST, retrieved by enquiry to CREST in the manner prescribed by CREST) by the Company's registrars not later than 48 hours before the time appointed for holding the meeting.
6. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the meeting and any adjournment(s) thereof by using the procedures described in the CREST Manual available at www.euroclear.com. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor(s) or voting service provider(s), who will be able to take the appropriate action on their behalf. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a 'CREST Proxy Instruction') must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications and must contain the information required for such instructions, as described in the CREST Manual available at www.euroclear.com. The message, regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID RA10) by the latest time(s) for receipt of proxy appointments specified in this notice of meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee by other means. CREST members and, where applicable, their CREST sponsors or voting service provider(s) should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his/her CREST sponsor(s) or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service provider(s) are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
7. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Article 34 of the Companies (Uncertificated Securities) (Jersey) Order 1999.
8. When two or more valid but differing proxy appointments are received in respect of the same share for use at the same meeting or poll, the one which is last received (regardless of its date or of the date of its signature) shall be treated as replacing and revoking the other(s) as regards that share. If the Company is unable to determine which was last received, none of them shall be treated as valid in respect of that share.
9. As at 1 June 2021 (being the last practical day prior to publication of the notice of meeting), the Company's issued share capital consisted of 969,622,417 ordinary shares of 10 US cents each with voting rights and 20 deferred shares of 10 US cents each which have no voting rights. As at 1 June 2021, the Company held 46,378,013 shares in treasury. Therefore, the total voting rights in the Company as at 1 June 2021 are 923,244,404.
10. Each member has the right to ask questions relating to the business of the meeting. The Company must cause to be answered any such question relating to the business being dealt with at the meeting subject to certain exceptions. Questions may be asked by email to agmquestions@experianplc.com or on a reply-paid question card attached to the proxy form. We will consider all questions and, if appropriate, address them via Experian's website (www.experianplc.com) or individually. Questions may also be asked during the AGM using the Orient Capital platform.
11. A copy of this notice and other relevant shareholder information can be found at www.experianplc.com.

Appendix 1

Explanatory notes in relation to the resolutions to be proposed at the Annual General Meeting.

Resolutions 1 to 16 will each be proposed as an ordinary resolution that will be passed if more than 50% of the votes cast are in favour of the resolution. Resolutions 17 to 20 will each be proposed as a special resolution that will be passed if not less than two-thirds of the votes cast are in favour of the particular resolution.

Resolution 1

The directors are required to present to the meeting the Annual Report and financial statements of the Company for the year ended 31 March 2021 together with the report of the auditor.

Resolution 2

Resolution 2 is an advisory shareholder vote on the Report on directors' remuneration contained in the Annual Report (excluding the Directors' remuneration policy set out on pages 131 to 134 of the Annual Report) and financial statements of the Company for the year ended 31 March 2021, to provide shareholder feedback to the Board.

Resolutions 3 to 13

In accordance with the Company's articles of association, any director appointed by the Board since the date of the last Annual General Meeting shall retire at the next Annual General Meeting following their appointment. Accordingly, at this year's Annual General Meeting, Alison Brittain and Jonathan Howell will retire and, being eligible, will offer themselves for election.

In accordance with the UK Corporate Governance Code, all remaining members of the Board will retire at this year's Annual General Meeting and, being eligible, will offer themselves for re-election.

As more fully described in the Corporate governance report in the Annual Report and financial statements of the Company for the year ended 31 March 2021, an internal evaluation of the Board was carried out during the year ended 31 March 2021. The evaluation concentrated on the progress on last year's areas of focus. There were also separate meetings between each director proposed for election/re-election and the Chairman in relation to their individual performance. The Deputy Chairman and Senior Independent Director evaluated the Chairman, taking into account the input from other directors.

The conclusion of the evaluation was that the Board is operating effectively. Accordingly, the Board recommends each retiring director's election/re-election as set out in resolutions 3 to 13.

Biographical details of all the directors, including details of their skills and experience, are set out in Appendix 2.

Resolution 14

An auditor has to be appointed at each Annual General Meeting. KPMG LLP has advised of its willingness to stand for re-appointment as the auditor of the Company.

Resolution 15

The remuneration of the auditor may be fixed by the directors or the Company in general meeting. The usual practice is for shareholders to resolve at the Annual General Meeting that the directors decide on such remuneration.

Resolution 16

The purpose of resolution 16 is to renew the directors' authority to allot new shares and grant rights to subscribe for, or convert other securities into, shares, this year up to an aggregate nominal value of US\$30,774,813 which is equivalent to approximately one-third of the total issued

ordinary share capital of the Company, exclusive of treasury shares, as at 1 June 2021.

At 1 June 2021, the Company held 46,378,013 ordinary shares in treasury.

The authority sought in resolution 16 is in substitution for all existing authorities, granted in the Company's articles of association or otherwise, and without prejudice to previous allotments made under such existing authorities. The authority will expire at the conclusion of the Annual General Meeting to be held in 2022 or, if earlier, on 20 October 2022.

Resolutions 17 and 18

The UK Pre-Emption Group's Statement of Principles, as updated in March 2015, supports the annual disapplication of pre-emption rights in respect of allotments of shares and other equity securities, and sales of treasury shares for cash, representing no more than 5% of issued ordinary share capital (exclusive of treasury shares), without restriction as to the use of proceeds of those allotments.

Accordingly, the purpose of resolution 17, which is conditional on the passing of resolution 16 and will be proposed as a special resolution, is to put in place a new authority for the directors to allot equity securities (as defined in the Company's articles of association) wholly for cash, or sell treasury shares for cash, without offering those equity securities or treasury shares pro rata to existing shareholders, up to an aggregate nominal amount of US\$4,616,222, representing approximately 5% of the Company's issued ordinary share capital, exclusive of treasury shares (and 4.76% of the Company's issued ordinary share capital, inclusive of treasury shares), as at 1 June 2021, the latest practicable date before publication of this notice.

The UK Pre-Emption Group's Statement of Principles also supports the annual disapplication of pre-emption rights in respect of allotments of shares and other equity securities, and sales of treasury shares for cash, representing no more than an additional 5% of issued ordinary share capital (exclusive of treasury shares), to be used only in connection with an acquisition or specified capital investment. The UK Pre-Emption Group's Statement of Principles defines "specified capital investment" as meaning one or more specific capital investment related uses for the proceeds of an issue of equity securities, in respect of which sufficient information regarding the effect of the transaction(s) and (where appropriate) the profits attributable to them, is made available to shareholders to enable them to reach an assessment of the potential return.

Accordingly, and taking into account the template resolutions published by the UK Pre-Emption Group in May 2016, the purpose of resolution 18 is to authorise the directors to allot equity securities (as defined in the Company's articles of association) wholly for cash, or sell treasury shares for cash, without offering those equity securities pro rata to existing shareholders, up to a further nominal amount of US\$4,616,222, representing approximately 5% of the Company's issued ordinary share capital, exclusive of treasury shares (and 4.76% of the Company's issued ordinary share capital, inclusive of treasury shares), as at 1 June 2021, the latest practicable date before publication of this notice, only in connection with an acquisition or specified capital investment which is announced contemporaneously with the allotment or sale, or which has taken place in the preceding six-month period and is disclosed in the announcement of the issue. If the authority given in resolution 18 is used, the Company will publish details of the placing in its next Annual Report.

In accordance with the UK Pre-Emption Group's Statement of Principles, the Board confirms its intention that no more than 7.5% of the issued ordinary share capital of the Company (exclusive of treasury shares) will

be issued for cash on a non-pre-emptive basis pursuant to the authority in resolution 17 during any rolling three-year period other than with prior consultation with shareholders or in connection with an acquisition or specified capital investment which is announced contemporaneously with the allotment or which has taken place in the preceding six-month period and is disclosed in the announcement of the allotment.

If granted, the authorities in resolutions 17 and 18 will expire on the earlier of 20 October 2022 and the conclusion of the Annual General Meeting to be held in 2022.

The Board considers that it is in the best interests of the Company and its shareholders generally that the Company should have the flexibility conferred by resolutions 17 and 18 to make small issues of shares for cash, as suitable opportunities arise.

It should be noted that the articles of association of the Company empower the directors to allot equity securities (as defined in the articles of association of the Company) wholly for cash in connection with a rights issue (as defined in the Existing Articles, such term to be replaced with "pre-emptive offer" in the New Articles).

Resolution 19

The purpose of resolution 19, which will be proposed as a special resolution, is to put in place a new authority to enable the Company to make market purchases of up to 92,324,440 ordinary shares, being approximately 10% of the issued ordinary share capital of the Company, exclusive of treasury shares, as at 1 June 2021. The Company's exercise of this authority is subject to the stated upper and lower limits on the price payable which reflect the requirements of the UK Listing Rules and the provisions of Article 57 of the Companies (Jersey) Law 1991. The Company will only exercise the power of purchase after careful consideration and in circumstances where, in the light of market conditions prevailing at the time, it is satisfied that it is in the best interests of the Company and of its shareholders generally to do so and where there would be a resulting increase in earnings per share.

The Companies (Jersey) Law 1991 permits the Company to hold any shares purchased by it as treasury shares, as an alternative to immediately cancelling them. If the Company purchases any of its ordinary shares and holds them as treasury shares, the Company may sell these shares (or any of them) for cash, transfer these shares (or any of them) for the purposes of or pursuant to an employee share plan, cancel these shares (or any of them) or continue to hold them as treasury shares. Holding such shares as treasury shares allows the Company to reissue them quickly and cost effectively and provides additional flexibility in managing the Company's capital base. No dividends will be paid on, and no voting rights will be exercised in respect of, shares held as treasury shares.

As at 1 June 2021, the Company held 46,378,013 ordinary shares in treasury. If any ordinary shares are purchased by the Company, the directors intend to decide whether to cancel shares purchased pursuant to this authority or hold them as treasury shares based on the interests of the Company and its shareholders as a whole at the relevant time.

If granted, this authority will expire on the earlier of 20 October 2022 and the conclusion of the Annual General Meeting to be held in 2022.

As at 1 June 2021, there were options outstanding over 14,005,048 ordinary shares representing 1.52% of the issued ordinary share capital of the Company, exclusive of treasury shares, at that date. If the full authority being sought under resolution 19 was utilised, so reducing the issued ordinary share capital by an equivalent amount, the figure of 14,005,048 would represent 1.69% of the issued ordinary share capital of the Company, exclusive of treasury shares, at that date.

Resolution 20

Under resolution 20, the Company is proposing to adopt new articles of association (the 'New Articles') to replace the Company's existing articles of association (the 'Existing Articles'), which were adopted in 2006 and last updated by a special resolution in July 2008.

The principal changes to the Existing Articles are summarised below and have been introduced primarily to reflect developments in market practice and terminology and to provide additional clarity to the Existing Articles. In particular, the New Articles permit the Company to hold combined physical and electronic (also known as 'hybrid') General Meetings and remove existing provisions that prevent the Company from being able to do so.

The remaining changes which are of a minor, technical, procedural or clarificatory nature (including to reflect changes in terminology following changes in legislation) have not been summarised here. Article references below are to the New Articles.

The New Articles showing all the changes as compared to the Existing Articles will be available for inspection at the Company's registered office (22 Grenville Street, St Helier, Jersey, JE4 8PX, Channel Islands) and at the offices of Linklaters LLP (One Silk Street, London, EC2Y 8HQ, United Kingdom) during normal business hours on weekdays (Saturdays and public holidays excluded) up to and including the date of the AGM, and on the Company's website at www.experianplc.com.

Directors' powers to allot securities and to sell treasury shares (article 10)

The changes to article 10 are to update the terminology used, which was based on the UK Companies Act 1985, to follow terminology used in the UK Companies Act 2006 to provide further clarity to this provision.

Untraced Shareholders (article 49)

The Company is proposing to simplify the procedure for contacting untraced members and selling the shares of such untraced members. Under both the Existing Articles and New Articles, the Company is entitled to sell shares of untraced members or persons entitled to shares (each a 'relevant holder') following a 10-year period where at least three dividend payments have been unclaimed and the Company has received no communication from the relevant holder. Under the Existing Articles, the Company is required to place an advertisement in newspapers before considering a member to be untraced. The New Articles remove such requirement, and in accordance with current market practice, the New Articles require notice be sent to the last known physical address or email address for the relevant holder, and use reasonable efforts to trace the relevant holder. If no response is received within three months of this notice, the Company is entitled to sell the shares. The Company may also sell any additional shares that were issued by the Company during the 10-year period that belong to the untraced member.

The New Articles provide for the proceeds of the sale to belong to the Company and the wording has been modernised to allow for simpler administration. The requirement for the Company to enter the relevant holder in the books of the Company as a creditor has been removed. The New Articles now provide that the net proceeds of the sale of shares belonging to untraced members may be used or invested for the benefit of the Company in any such manner as the directors may from time to time think fit. It is the Company's intention to apply such funds to good causes.

Appendix 1
continued**Satellite meeting places (article 52)**

Both the Existing Articles and the New Articles permit the Company to hold 'satellite' meetings in additional physical locations to any General Meeting. The New Articles include clarificatory language in respect of satellite meetings in order to avoid confusion between the provisions governing satellite meetings and combined physical and electronic meetings (see below for further information) and to follow developments in market practice in respect of satellite meetings.

Combined physical and electronic General Meetings (article 53) and Attendance at and participation in General Meetings (article 54)

The New Articles give the Company greater flexibility to hold General Meetings by allowing combined physical and electronic General Meetings (also known as 'hybrid' meetings). If the directors decide to hold a General Meeting as a combined physical and electronic General Meeting, these provisions would enable members to attend and participate in the business of the meeting by attending a physical location or by means of an electronic facility or facilities provided by the Company. The New Articles set out the procedures and processes for attendance at, and participation in, combined physical and electronic General Meetings. This includes how attendance is determined and allowing directors to make arrangements to enable attendees to exercise their rights to speak or vote. The New Articles provide that persons participating via an electronic platform shall be responsible for ensuring they have facilities to access the General Meeting in question. The inability of a person to attend or participate via an electronic platform will not affect the validity of, or business conducted at, a General Meeting. The New Articles include consequential changes to enable such combined physical and electronic General Meetings.

The New Articles do not permit the Company to hold General Meetings wholly by electronic means (also known as 'virtual' meetings) and, consistent with guidance from shareholder groups, the Company does not intend to hold virtual General Meetings. It is not the current intention of the Board to routinely hold combined physical and electronic General Meetings.

These proposed amendments are being made to provide the directors with the flexibility should they need to make alternative arrangements for participation in meetings (including where physical participation may be prevented or restricted).

Postponement or cancellation of General Meetings (article 55)

The Company is proposing to insert a new article that gives the directors the ability to postpone, cancel or move the place (including electronic platform) of a General Meeting. Without express authority in the articles of association, directors of the Company do not have the power to postpone a General Meeting once notice has been given. The proposed amendment provides the directors with flexibility to postpone, cancel or move the place (including electronic platform) of a General Meeting prior to the time on which the meeting is to be held except where such postponement, cancellation or move would be contrary to applicable company law.

If the directors exercise such discretion, notice of the postponed meeting does not need to be given again and any proxy appointments made for such meeting will remain valid if otherwise in accordance with the New Articles and received by the Company not less than 48 hours before the

commencement of the postponed or moved meeting to which the appointment relates. This amendment is intended to provide flexibility to the directors in certain circumstances, for example, where the business to be considered at a General Meeting is no longer relevant or required or where unforeseen or extraordinary circumstances mean that the directors consider that it will be impractical, undesirable or unreasonable, to hold a General Meeting at the place, time or on the date stated in the notice of meeting. The directors currently intend for this power to be used only in certain exceptional circumstances.

Directors' fees (article 84)

The New Articles propose that the cap on the remuneration of directors (other than any director who holds an executive office with the Company or any subsidiary of the Company) is increased from £1,500,000 to £2,000,000 per annum in aggregate. Although not at this level currently, the increase is proposed to ensure the Company has appropriate headroom going forward for future appointments and fee increases, without the need for further amendments to the articles of association.

Manner of payment of dividends (article 130)

The New Articles amend the Existing Articles to provide clarity as to the manner in which dividends can be paid by the Company. Under both the Existing Articles and the New Articles, the Company is permitted to pay dividends by cheque, bank transfer, through CREST or other relevant system. The amendment permits the Company to also pay dividends by other electronic means as the directors may decide and includes additional wording to clarify the definition of "payee" for the purposes of the New Articles. The amendments to this provision are in line with market practice and reflect that increasingly cheques are no longer the Company's primary method of paying dividends.

Unclaimed dividends (article 135)

In line with market practice, the New Articles provide clarity on what constitutes an unclaimed dividend and the treatment by the Company of such unclaimed dividends. The proposed amendments provide that the Company may cease to send any cheque, warrant or order by post in respect of dividends payable if, in respect of at least four consecutive dividends payable on the shares in question, the cheque, warranty or order has been returned undelivered, or remains uncashed, or following three such occasions where reasonable enquiries have failed to establish any new address of the registered holder.

The amendments also clarify that a dividend is to be treated as unclaimed if the payee does not specify an address, bank account or other details necessary in order to make a payment of a dividend in the manner decided by the directors, or if payment cannot be made by the Company using the details provided.

The amendments also reduce the time during which shareholders can claim their unclaimed dividends (known as the prescription period) from a ten-year period to a six-year period to reflect changes in market practice for UK-listed companies. Any dividend which has remained unclaimed after the six-year period is forfeited and belongs to the Company. In parallel with the amendment to provisions regarding untraced members, the New Articles also provide that if the Company sells shares of an untraced member, any dividend relating to these shares that has not been cashed or claimed shall revert to the Company when such shares are sold. The proposed amendments in the New Articles entitle the Company to use such unclaimed dividends for the Company's benefit or in any manner that the directors may from time to time think fit. It is the Company's intention to apply such funds to good causes.
